Delivery

This tab is used to setup and edit delivery options for a product.

During setup, these fields are optional, and will follow defaults set up within the Postage section.

> This section allows products to be edited individually; editing in bulk is done with other tools, such as the CSV Upload or the Bulk Updater.

Setup

Field	Purpose
Delivery Details (in stock, optional)	Text entered in this field will display to the customer on the website if the product has available free stock If left blank, this will default to 'In Stock'
Delivery Details (out of stock, optional)	Text entered in this field will display to the customer on the website if the product does not have available free stock If left blank, this will default to 'Out of Stock', or, if enabled for allowbackorder on the Inventory tab, it will default to 'Available (allow XXXXXX days for delivery)'
Postage Methods	Use the tick boxes to select Postage Methods
Private Notes	Use the tick boxes to select excluded Postage Zones
