Summary

From here you can add, edit and delete Products & Categories.

You can revise the order of both by using your mouse. This will affect how they are displayed in the main menu and on all pages.

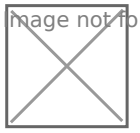

Key to icons

Live = is live

Not Live = is disabled

= archived (a Dynamic Category with no products)

= a Dynamic Category

Edit = edit

Delete = delete

Copy = copy

Has Children = has sub-categories

No Children = no sub-categories

Delete = missing image

Featured = featured product

Home Page = home page product

It is also possible to Show/Hide Disabled Items on this screen.

> Deletion may have serious irreversible impact on your reporting, stock and allocation; Iconography always recommends disabling in the first instance.

Channels

Within the Category edit screen, each Category may be enabled for alternative marketplaces.

Edit = enabled for Google

Delete = enabled for eBay

Copy = enabled for Amazon
