Suppliers

This section is used to add [Suppliers](#) for a product. If not manually set, the default is to apply none.

> This section allows products to be edited individually; editing in bulk is done with other tools, such as the [CSV Upload](#) or the [Bulk Updater](#).

You may use the tick boxes to select all of the Suppliers which are available for this product.

> This section will only be visible if your system is enabled for **Multiple Suppliers** - if it has not, the Supplier will be determined via a drop down on the Product tab
