Variants

A Variant is a version of a Product, which can be managed from the Inventory tab. These will be separated by Variant Options, and those distinctions are made in pricing or stock, e.g.

- Size
- Colour
- Fabric Grade

A Variant may be linked to multiple Unique Stock Records.

Each Variant on a product may be given:

- Specific pricing
- Specific stock
- Specific dimensions
- Specific product imagery
- Specific Customisations
- Specific Upsells
- Specific Addons

Other features around the site also link to Variants, including Promotions, Reporting, Order Fulfilment, etc.
