Hero
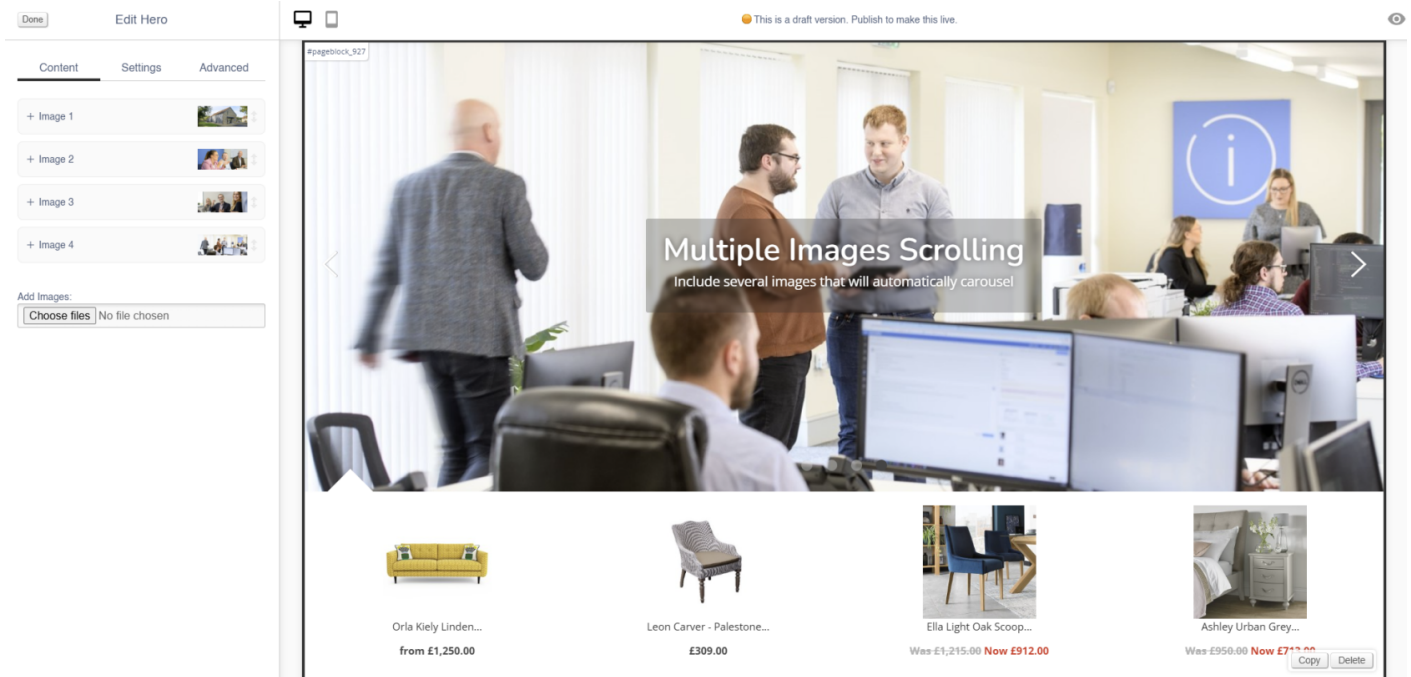

Use this block to add large rotating banners with linked products.

There are also other blocks which can be used to add images:

- Image (simple images)
- Carousel (small images on a swipeable carousel)
- Parallax (an image that sits behind content, adding depth to a page)
- Feature (a styled image)
- Multi-Feature (multiple static images in a single block)
- Wide Feature (image with a block of text)

Appearance

Editing the Block

Each image has an expandable menu, allowing it to be edited individually.

Images may be dragged around to resequence them.

Content

Field	Purpose
Title	Enter a short title - this will be output as a text overlay, on top of the image
Link URL	Enter a link URL - if populated, this will add a link to the image.
Link Text	Text to be shown with a button, if a link is set If left blank, the whole image will act as a button
Additional Text	Enter some short text - this will be output as a text overlay, on top of the image below the title
Related Products	Search for Products by name or SKU Code to link them to this hero image They will display below the image If you have multiple images in a Hero Block, the Products will change along with the image
Delete This Image?	Use this control to delete an image

Use the Image dialogue to select images to upload to this block.

Settings

Additional Options

These options allow you to auto assign Products to Hero Images, without assigning specific Products.

Field	Purpose
Include featured products	*Auto add featured products to the images in this Hero block*

Field	Purpose
Include recommended products	*Auto add recommended products to the images in this Hero block*
Include sale products	*Auto add sale products to the images in this Hero block*

Advanced

Padding

Adding padding will insert space within the current block; this will adjust the position of content within the block.

More information is available [here](#).

Margin

The margin will add additional space around the current block.

More information is available [here](#).
