

Image

Use this block to add simple images to your page.

There are also other blocks which can be used to add images:

- [Carousel](#) (small images on a swipeable carousel)
- [Hero](#) (large rotating banners)
- [Parallax](#) (an image that sits behind content, adding depth to a page)
- [Feature](#) (a styled image)
- [Multi-Feature](#) (multiple static images in a single block)
- [Wide Feature](#) (image with a block of text)

Appearance

Editing the Block

Content

Field	Purpose

Additional Options

Field	Purpose
Invert Text Colour	<i>Toggle to invert the text colour</i>
Actual Size	<i>Choose to display the image at actual size</i>

Advanced

Padding

Adding padding will insert space within the current block; this will adjust the position of content within the block.

More information is available [here](#).

Margin

The margin will add additional space around the current block.

More information is available [here](#).
