

Multi-Feature

Use this block to add multiple static images in a single block.

There are also other blocks which can be used to add images:

- [Image](#) (simple images)
- [Carousel](#) (small images on a swipeable carousel)
- [Hero](#) (large rotating banners)
- [Parallax](#) (an image that sits behind content, adding depth to a page)
- [Feature](#) (a styled image)
- [Wide Feature](#) (image with a block of text)

Appearance

The screenshot displays the 'Edit Multi-Feature' interface. On the left, a settings panel includes tabs for 'Content', 'Settings', and 'Advanced'. Under 'Settings', there are dropdowns for 'Block Width' (set to 100%), 'Visibility' (set to Default), and 'Text colour' (set to Black). A 'Layout' section shows a grid of 12 icons representing different image arrangements. Below this is a 'Gap' dropdown set to 15 and a '+ Additional options' button. The main area shows a preview of the block with three images: a meeting room, a hand holding a tablet, and a man in a suit. Overlaid text boxes provide instructions: 'Multi-Feature Block Upload several images into one block', 'Multi-Feature Block Select a different layout with up to 4 images in one block', and 'Multi Feature Block Images can also be linked to relevant pages! READ MORE'. A status bar at the top indicates 'This is a draft version. Publish to make this live.' and a 'Done' button is in the top left.

Editing the Block

To best configure this block, it is important to select your layout under Settings (see below) before you upload any images

Each image has an expandable menu, allowing it to be edited individually.
