

Text Blocks

Use this block to add large chunks of text to your page.

Appearance

The screenshot displays a text editor interface. On the left, there is a sidebar with tabs for 'Content', 'Settings', and 'Advanced'. The 'Content' tab is active, showing a 'Heading' section with 'English' and 'French' language options, and a 'Text Block - 100%' title. Below this is a 'Format' section with a rich text editor toolbar containing icons for bold, italic, underline, link, and list. The main content area shows a text block with the following content:
