

# Wide-Feature

Use this block to add image with a block of text.

There are also other blocks which can be used to add images:

- [Image](#) (simple images)
- [Carousel](#) (small images on a swipeable carousel)
- [Hero](#) (large rotating banners)
- [Parallax](#) (an image that sits behind content, adding depth to a page)
- [Feature](#) (a styled image)
- [Multi-Feature](#) (multiple static images in a single block)

## Appearance

The screenshot shows the 'Edit Wide-Feature' interface. On the left is a sidebar with tabs for 'Content', 'Settings', and 'Advanced'. The 'Content' tab is active, showing fields for 'Heading' (with 'English' and 'French' language options), 'Wide Feature Block' title, 'Image' (with a 'Choose file' button and a note that the recommended size is 1540 pixels wide), 'Link URL' (set to '/iconography'), 'Link Text' (set to 'Find out more'), and a 'Delete this image?' checkbox. The main area displays a preview of the block. The preview shows a large image on the left with a repeating pattern of small circles, featuring a large orange 'I' inside a circle and the text 'INTUS Trade' in orange. To the right of the image is a text area with the heading 'Wide Feature Block', a description 'Combine an image and text into one block here, with the option for a background colour for the text.', and a 'FIND OUT MORE' button. At the bottom right of the preview area are 'Copy' and 'Delete' buttons. A status bar at the top right indicates 'This is a draft version. Publish to make this live.'
