Page Content

When editing a page, This uses IXO Commerce's Modular Block system to allow you to manage your content.

Header Overlap

It is possible to enable a header overlapon any content driven page, e.g.

To achieve this look and feel, the first block on the page must be a Hero block or a Video block, and that block must be set to:

- Full Width
- Allow header overlap must be set to yes
- Hide left navigation must be set to yes (if applicable)
