

CSV Upload

Use this screen to import and export files to schedule pricing updates.

Price Management

Product: Category: ALL Supplier: ALL Brand: ALL Collection: Linden Include unique

— Import / Export CSV

Manual CSV upload: No file chosen or

*At least 1 of SKU or Barcode columns is required for all imports. Barcodes should be used for unique stock records. Other fields: PRICE, OFFER PRICE, RRP, COST PRICE, TRADE PRICE, TRADE OFFER PRICE. You can confirm field mapping and activation details after upload. Leave price field unmapped/blank to ignore price change, £0 in price or cost price fields will also be ignored

Import

To import a file simply use the controls and map your data appropriately. You will also need to enter an activation date for your price changes.

The Label is optional, and is used to find your price changes once they have been uploaded; these are visible in the [Timed Pricing](#) report

Confirm field mapping to import...

Select the dates for your automated price change below...

Activation Date: 05/03/2026 / --:-- Offer Expiry Date: 05/03/2026 Label (optional): Linden

Your CSV	Database
sku	sku <input type="text"/>
barcode	barcode <input type="text"/>
price	price <input type="text"/>
specialprice	specialprice <input type="text"/>

Export

To export prices via a CSV, use the search and filters to locate the Products and Unique Stock Records that you need to edit. You can then export

Filters

This screen can be filtered by:

- Product Search (SKU Code/Name)
- Category
- Supplier
- Brand
- Collection
- Include Unique Stock Records (see below)

Unique Stock Records

If checked, Unique Stock Records will be shown, and pricing may be updated.

To be shown a Unique Stock Record must be enabled for POS or Web
