

Invoice

The screenshot shows a software interface for managing invoices. At the top, there's a section for 'Order Number' with a 'View orders' link. Below that is the 'Order Status' section, which includes a 'Status Management' tab and an 'Invoice' link. The 'Process Payments' section shows a payment of £4.50. The 'Existing Payments' section is also visible. At the bottom, there's a 'Customer Details' section with fields for trade customer, billing address, and delivery address. A blue arrow points from the 'Invoice' link in the 'Status Management' section to the text below.

The invoice section allows you to review paperwork for the Sales Order.

If the document has previously been downloaded, it will be labelled as such

Although on Sales Orders with the status Quote, this will read 'Quote Pending', the document is almost identical
